

# MDP in Program Management for IT & ITES

## Are You Delivering Projects Successfully—But Still Struggling to See Real Business Value at the Program Level?

- ▶ In fast-moving IT & ITES environments, managing individual projects is not enough.
- ▶ The real game-changer lies in managing interconnected initiatives, aligning them with strategic goals, and ensuring benefits realization.

# PMSoft's Management Development Program (MDP) in Program Management for IT & ITES

▶ A tailored program for professionals moving from project to program leadership, focusing on governance, collaboration, and value-driven outcomes in complex IT environments.

- Establish robust Program Governance Structures
- Define and track Benefits Realization Plans
- Create Blueprints to align business vision with execution
- Coordinate multi-project environments with shared resources
- Manage Program Risks, dependencies, and stakeholder alignment
- Apply frameworks like MSP®, PMI®, and custom PMSoft tools tailored for IT & ITES

# About Us

At PMSoft, we bring decades of expertise in Project, Program, and Product Management to help organizations transform the way they work. As trusted partners to the Pharma, Chemical, IT, and AI domains, we deliver tailored solutions in Training, Consultancy, and Digitalization that empower leaders and teams to achieve measurable results.
